

KLAMATH ORTHOPEDIC & Sports Medicine Clinic

COVID-19 (Coronavirus) Advisory Klamath Orthopedic Clinic | Wednesday, March 12, 2020

As the concern regarding COVID-19, formerly known as the Novel Coronavirus, continues to unfold, Klamath Orthopedic Clinic is actively engaged in collaborative efforts with the Klamath County Health Department as well as adhering to guidance provided by the Centers for Disease Control and Prevention (CDC) to ensure safe care for patients and our communities.

If you are experiencing cold or flu symptoms or have any reason to believe you may have been exposed to Covid19, we kindly ask you to contact our office before your scheduled appointment so we can reschedule your appointment. This is an effort to protect our patients and our staff from exposure.

We advise good handwashing practices and to avoid touching your nose, eyes, and mouth. If you or someone you know has any concerns, contact your Primary Care Physician. If it is an emergent situation, call 9-1-1. We ask that you please make your doctor's office, EMS and the Emergency Department aware of your concerns and condition that may align with COVID-19, to ensure appropriate safety measures are taken for you and your family.
